As anticipated, the recent merger with FGA United has resulted in overlap of some functions.
Consequently, it is necessary to reduce our work force in those areas in which we have significant duplication of effort.
Effective March 3, we will experience a 30% reduction in staff, right across seniority lines.
Persons affected will be notified by the end of next month. These employees will receive two months' severance pay.
Our personnel office will hold a series of meetings in the middle of February to discuss unemployment insurance benefits and to help those affected secure new jobs. If you plan to attend, call Marcos Twine at extension #131.
