1. Reading Comprehension. (1,0)

Read the text about elephants and mark the true statements.

Elephants live in Africa and Asia. They are the biggest animals in the world. They have long ears, a huge trunk and ivory tusks.

They use their trunks to smell, to drink water and to get food. They eat grass, leaves, bamboos and roots. They eat about 400 pounds and they drink about 30 gallons of water each day.

Elephants are extremely intelligent and people say they 'never forget'.

They are an endangered species because hunters kill lots of them to get their ivory tusks. Governments, scientists, and non-governmental organizations are united to protect them.
